Computed findings

plan — job j_0f2d29e5227d5df1 (resource_plan): state succeeded, outcome VERIFIED, review none
evidence root adadf2a35f4107cd; model robust-resource-plan/v1; verifier robust-resource-plan/v1-verifier

field	value
objective	12
min_margin	18000
status	optimal_within_tolerance

Verification scope

No independent verification records are attached to this revision.

Conclusions

concl

The plan reaches the enumeration optimum under the declared bounds.

- Objective 12 at min margin 18000 mJ.

Limitations

- No limitation was detected by the structured checks; absence of a flag is not a proof of correctness.

Methods

Models: robust-resource-plan/v1. Verifiers: robust-resource-plan/v1-verifier.
